DISNEY

Goes to China

FOLLOWING the very successful tour of 7 cities in South-East Asia and 6 cities in Australia, the Disney On Ice "Snow White & The Seven Dwarfs" show will make its historic entry into the Chinese market with the debut in Shanghai in October.

The show opening coincides with China's National Day celebrations and we expect to see thousands of Chinese families savouring the pleasures of this Disney delight. Rhema will manage the logistics for the tour which will end in Beijing.

"Snow White" has broken records in attendance throughout the tour of Asia and Australia. This is the second Disney On Ice Tour Rhema has brought through the region.
